

Grade 2 – Aikendrum

- 1- You will listen to a song called *Aikendrum*. Look at some vocabulary words for this song on page 2. Then listen to the song: <https://www.youtube.com/watch?v=g3ggYGn8ssw>
- 2- On page 3, use the words in the last rectangle and match them to the correct pictures. Then cut each rectangle. Listen to the song as many times as you need to help you place the different pictures in order as you hear them in the song. Some words are repeated in different parts of the song. That is why there is more than one picture for these words. Once you have the correct order, glue them in that sequence on a paper.
- 3- Draw a picture of what Aikendrum looks like with all of his funny body parts.

You can send me a picture of your work at melanie.custeau2@csmb.qc.ca .
